College Road, Tongi, Gazipur | Bangladeshi | DOB: 4 Jan 2003 | Female | Single

Aspiring Software Engineer with experience in full-stack web development and software design. Skilled in React.js, Next.js, Node.js, Express.js, PostgreSQL, Prisma ORM, Python, Django, and REST API development. Passionate about building scalable applications, solving complex problems, and applying emerging technologies such as AI/ML and blockchain to create innovative solutions. Eager to contribute to dynamic engineering teams while expanding technical and professional expertise.

EDUCATION

Degree	Institution	Board/Univ	Year	Result
Bachelor of Science in Computer Science and Engineering (BCSE)	International University of Business Agriculture and Technology (IUBAT)		Sep 2022 – Sep 2026 (Expected)	CGPA: 3.97/4.00
Higher Secondary Certificate (HSC)	Shiddheshwari Girls College	Dhaka	2019 - 2021	GPA: 5.00/5.00
Secondary School Certificate (SSC)	Feni Central High School	Comilla	2017 - 2019	GPA: 4.50/5.00

EXTRACURRICULAR & VOLUNTEER EXPERIENCE

Beta Student Ambassador | Microsoft Learn Student Ambassadors (MLSA), Microsoft Learn July 2024 to Sep 2026

Actively engaged in Microsoft Learn initiatives, promoting technical learning and skill development among students. Led an international team of students from multiple countries to develop an AI-based project and a Learning Management System (LMS). Coordinated cross-border collaboration, task distribution, and system design to deliver a full-stack scalable platform.

Treasurer | IEEE Computer Society IUBAT Student Branch Chapter December 2025 to Sep 2026

Managed budgeting and financial operations for events.

Programmer | IUBAT Innovation and Entrepreneurship Center (IIEC) February 2025 to January 2025

Mentored students in programming and guided project development. Assisted in debugging, system design, and implementation.

Academic Mentor | IUBAT IT Society May 2022 to January 2025

Guided students in programming, problem-solving, and coursework.

PROJECTS

MediChain - Blockchain Medicine Verification (2025)

Role: Solo Developer

Technologies: Tailwind CSS, React.js, Solidity, Ethers.js.

- Built a blockchain-based web application with QR code integration to verify medicine authenticity and track supply chain records. The system improved transparency and enabled users to quickly verify genuine medicines, helping reduce counterfeit risks.

MangoMart - A Mango Selling Website (2025)

Role: Solo Developer

Technologies: React.js, Tailwind CSS, Django, PostgreSQL

- Built a full-stack e-commerce platform for mango sales using React.js, Tailwind CSS, Django, and PostgreSQL, featuring a customer shopping interface and an admin dashboard for managing products, stock, pricing, and orders. The system streamlined online sales and centralized store management.

TECHNICAL SKILLS

Frontend Development: HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, React.js, Next.js

Backend Development: Node.js, Express.js, Django, Prisma ORM, ASP.NET Core

Databases & APIs: MongoDB, PostgreSQL, MySQL, REST APIs, Git

Tools: Git/GitHub, Canva, Figma, Postman, Vercel, Better Auth, JWT

ACHIEVEMENTS & AWARDS

- Award for Academic Excellence | International University of Business Agriculture and Technology (IUBAT) 2024 & 2026

PUBLICATIONS / RESEARCH

- **An Explainable Triple-Layered Ensemble Model for Early Prediction of Suicide Risk Using Machine Learning**

Engineering Reports (Wiley) | 2025

- **A Web-Based Blockchain Framework to Prevent Counterfeit Medicines via QR Code Verification**

IEEE 2nd International Conference on Computing, Applications and Systems (COMPAS) | 2025

- **SMOTE-Enhanced Ensemble Learning for Hepatitis C Risk Stratification with Feature Importance Analysis**

IEEE 2nd International Conference on Computing, Applications and Systems (COMPAS) | 2025

LANGUAGES

Bengali (Native) • English (Fluent) • Hindi (Intermediate)

HOBBIES & INTERESTS

Reading Books, Watching Movies and Web Series, Learning about History and Astronomy (Interest)
